The timeless fairy tale comes to life with grandeur

A fairy tale for the ages, Cinderella is a charming tale of romance, glistening and elegant from beginning to end. The ballet, choreographed by co-founding FBP Artistic Director Winthrop Corey, sweeps audiences away with the magical rags-to-riches story as Prokofiev's soaring score provides a fitting backdrop. From the comic stepsisters to the handsome Prince Charming, this is a story that is sure to leave audiences entranced and enchanted!
